

Budget Breakthrough - Program Outline

The Budget Breakthrough: Take Control of Your Money in 30 days is a program designed to change the way you think about money and budgets. It is designed in a way to help you figure out your main money goals and start focusing on them as true priorities and not really worrying about the rest. We are here with you every step of the way on your journey to leaving the paycheck to paycheck rat race.

This is a team-effort, but before purchasing make sure you are committed to the time this will take to get done. If building a proper budget required no time or effort more people would do it. We will guide and coach you, but you are doing a lot of the leg work. Be prepared to have this process take about 30 days, starting from the day you purchase. That might seem like a lot but it is a small commitment for the lifelong benefits you'll enjoy.

Our goal is to not have repeat clients. This is a 1 time investment to better understand yourself and how to make your money work for you and we can show you how! Due to the amount of support that we provide we are limiting the sale of this program to a maximum of 10 clients a week. We want to make sure we are giving you the attention you deserve as you make these changes to your life.

The benefits of this program are:

- Less Stress Over Finances
- More Control Over Spending/Saving
- Better Prepared to Deal with the Bumps on the Road that Life Gives Us All
- More Focus on Your Financial and Life Priorities
